Dear Alex

Re - Shower Fitting

I am writing to say a massive thank you for the work you carried out at our house a few weeks ago.

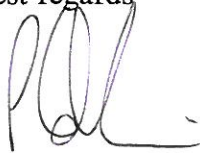

Previously we had an "over bath" shower and as my wife Allyson became more immobile it became harder for her to get in and out of the shower. I approached you asked if you would be able to replace the bath with a shower and do the job quickly. You came round a few days later and confirmed you could juggle a few bits of work and start the following week. I arranged for Allyson to be away and gave the go ahead

The job was supposed to take 4 to 5 days and despite everything my bathroom threw at you, including cutting your head open at one point, you got the job done in the week which meant that Allyson was able to come home that weekend to her wonderful new shower. The workmanship was brilliant and product fitted was exactly what we wanted.

The shower stall is big enough for me to be able to help her if she needs it but because she can just walk in and out and it has hand rails and a seat fitted, it has meant that for the first time since November last year she has been able to shower on her own. It has given her back some of the independence she had lost and made her feel a bit more normal.

Alex you are a hard working, skilled, craftsman and I recommend you to everyone who comes through my house and see the shower.

Best regards

Pete Collins
